

Prescribed Fire Workshop for Landowners

Wednesday, February 24, 2016

8:30 am - Registration (coffee & rolls)

9:00 am - 3:30 pm - Workshop

Cost: \$15.00 (lunch included)

Port Louisa National Wildlife Refuge

10728 Co Rd X61, Wapello, IA 52653

Most sessions will be indoors but participants should be prepared to go outside for some activities.

We will NOT be conducting a prescribed burn.

This workshop is not a certification, it is a training to make attendees more knowledgeable about using prescribed fire as a management tool.

What will be covered?

- Benefits of fire on prairie and forests
- Setting goals and objectives
- Creating and using burn plans
- Fire weather
- Constructing fire breaks
- Firefighting tools
- Lighting techniques
- Safety, safety, safety!!!

Who should attend?

Landowners who are interested in prescribed fire as a management tool for prairies and forests.

Why attend?

Participants will be allowed to check out fire caches stocked with wildland firefighting equipment such as bladder bags, drip torches, nomex suits and other fire specific tools, as well as meet a cooperative of partners for management help.

Bring a map of the area you would like to burn.
We will do our best to answer your
land management questions.

Pre-registration required by February 12.
Payment and forms must be received.
Minimum 15 participants - Maximum 35

**Provided By: The Lower Iowa & Cedar
Valley Conservation Alliance**
